From Principal's Desk (Brief Overview of all Events)

We strive for holistic personality development of our students by creating conducive and pleasant atmosphere in our College. The dedicated faculty motivate the students to bring the best in them through an amalgam of classroom learning and other allied activities at department and college level. We also nourish the students to tackle the life challenges of ever changing demands by upgrading knowledge and skills besides inculcation of social values. In fact we provide academic and personal counseling that helps the Lecturers and students to strengthen the bond and develop a better rapport. We have resolved to provide safety and supportive environment to bring a perfect balance in academics, sports, artistic and social opportunities. Our motive is to impart value based education and acquiring skills in their lives to reap the opportunities in future. All the important days of the month were celebrated by the respective departments and the college in which staff and students were a part.

Thank You

STUDENT INDUCTION PROGRAMME

In accordance with the proceedings of the Commissioner of Collegiate Education issued on 2nd November 2022 regarding the conduction of Student Induction Programme (SIP), the IQAC committee and Academic Coordinator constituted a SIP committee and drafted a schedule for conducting SIP for the newly admitted first year students from 4th November 2022.

As a part of this, the Department of English conducted student centric activities such as Self Introduction, A talk on hobbies and Cross word Puzzles on 5th November 2022. All the Students enthusiastically participated in these activities and gave their feedback at the end.

On 7th November 2022, as a part of SIP, the Department of Telugu, conducted Word Puzzles and Synonyms to test and enrich the vocabulary among the students. All the students actively participated in this programme and expressed their love towards their mother tongue.

As a part of SIP the Department of Mathematics and Physics jointly organized a programme on New Education Policy 2020: Salient Features on 10th October 2022 to all the First year students. They explained in detail features of that:

The National Education Policy 2020 (NEP 2020), launched on 29 July 2020, outlines the vision of India's new education system.

The focus of New Education Policy (NEP-2020) is on experiential, application-based learning and research based internship in the stream of Science, Technology, Engineering, Art & Design, and Mathematics (STEAM) is explained.

The current 10+2 system to be replaced by a new 5+3+3+4 curricular structure corresponding to ages 3-8, 8-11, 11-14, and 14-18 years respectively. Teaching up to at least Grade 5 to be in mother tongue/ regional language. No language will be imposed on any student.

By 2030, the minimum degree qualification for teaching will be a 4-year integrated B.Ed. degree.

Local communities as well as research internships will improve students' employability.

Ph.D. students and faculty members are encouraged to undertake high quality outcome-based research so as to produce Intellectual Property (Patents and Copyrights).

The students are encouraged for enrolling on the SWAYAM-NPTEL courses from where they can earn credits from renowned HEIs.

The policy envisages broad-based, multi-disciplinary, holistic Under Graduate Program with flexible curricula, creative combinations of subjects, integration of vocational education and multiple entries and exit points with appropriate certification.

Finally the questions raised by students are addressed in detail. The students expressed their hitches in this renovation stage into new system.

The Department of Chemistry organized a Quiz competition to all the first year students as a part of SIP on 11 October 2022. Questions related to various topics like Environment Education, History, Economics, Political Science, Chemistry, Sports, Commerce were framed. Picture analysis was also included. All the students actively participated in the Quiz. Sri E.K Seetharami Reddy, Lecturer in Chemistry, acted as the Quiz Master and answered the questions with details explanation to which the students were unable to answer. The feedback of the students was good.

Peer Teaching Activity was conducted to First year students as a part of SIP on 14 October 2022.
